**27<sup>th</sup> April 2026**

**Community Survey**

**Timeline and delivery:**

**Key measures:**

**Simple explainer intro re:** Council responsibilities (PC/Somerset Council), and community groups. Inc. SALC funding and logo

**What do we want to understand and measure?**

We will ask the questions slightly differently for topics that are:

- future potential amenities
- amenities that might only apply to some people

1. How important these aspects of Parish life are / how much do people value them?

Inc. answer option "I don't use this"

2. How satisfied people are with each of these?

4. To what extent can the community address these issues (community = PC, existing community groups, and residents)?

5. Open feedback on any of the topics + anything else (not covered) – improvements, experiences, ideas

Ask at the end, if people want to get involved, how they can do that.

Tick box with different subjects of interest, ask for contact details, but assure this will be separated from any answers which are all anonymous.

E.g. "By providing your contact details you agree to be contacted by...the Parish Clerk"
