Maintenance of Memorials

It is the responsibility of the purchaser of any memorial which requires attention if subsidence or other problems occur, to arrange maintenance with an approved stonemason.

Maintenance of Graves

Where a small moveable vase is placed on the graves, it is the responsibility of those placing it to keep the grass cut around and between them, where machines cannot run. No glass vases are permitted.

Maintenance of Cemetery

Mudford Parish Council will undertake the care and maintenance of the cemetery, including the grass cutting with the above proviso, where vases prevent machine cutting.

Policy of Sunken Graves

Mudford Parish Council will correct graves that have sunk in the first two years. After that, the Council will contact the relatives of the deceased to arrange correction.

Headstone Safety

Mudford Parish Council will risk assess headstones on a regular basis to ensure that they are secure in the ground and do not represent a health and safety risk. Where a headstone is found to be loose in the ground, it will be the responsibility of the family to meet the cost of making it safe. If no living family can be located, appropriate action to make it safe will be taken by the Parish Council.
